**The Learning Center at St. John** is a non-profit, 5 Star early childhood program for children ranging in age from 3 months to 5 years. For over two decades, our programs have been designed to enrich every aspect of a child's intellectual, social, emotional, spiritual, creative and physical development. In 2013, TLC embarked on a journey to reconnect children with nature by introducing the concept of well-designed, nature-inspired learning environments that provide daily opportunities for exploration, experimentation, discovery, play and learning. We believe that children who are allowed to experience the natural world, will not only find joy in the great outdoors, but will thrive in a nature-based learning program that enhances cognitive abilities and improves creativity and problem-solving skills.
